PROJECTS

SmartNotePad —

SmartNotePad is a text editor which provides us some extra functionalities compared to Notepad.

1:Speech Recognition- SmartNotePad allows usersto interact through voice and work as per given command.

2: File Encryption And Decryption-SmartNotePad also provides us File Encryption and Decryption technique for Security purposes.

3:Theme And Styling- SmartNotePad allows the userto change the color of the main window and also provide styling of the font color and page alignment.

Car Showcase

1: Developed a frontend web project for showcasing different car models and their features.

2: Created an interactive webpage that allows users to explore and learn about various car models.

3: Incorporated Scroll Trigger library from GSAP to introduce captivating scroll-based animations.

4: Enhanced user engagement by implementing scroll-triggered animations for a dynamic and visually appealing experience.
